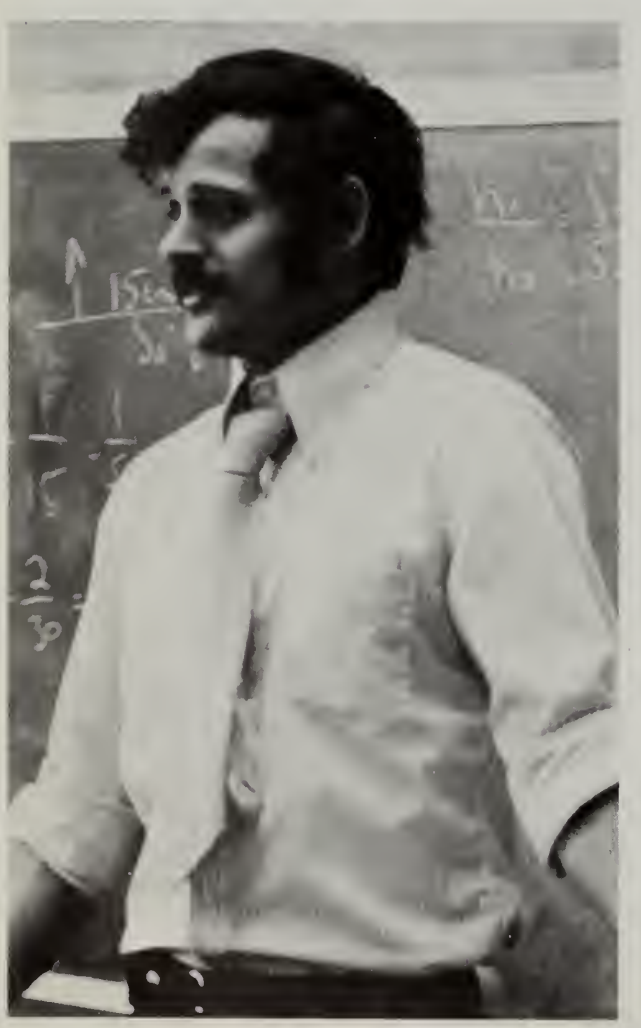
IS
THIS
THE
BEGINNING

OR
IS
THIS
THE
END?



A few members of the Senior Class, in particular the yearbook staff, felt that the assistance that you have given so faithfully has been the major catalyst in the preparation and final presentation of the 1974-5 yearbook. The time you have spent, the assistance you have given certain individuals and the ideas and actions you have put into effect have truely made this yearbook B.M.H.S.'s finest. In an undertaking of this magnitude, the direction of your experience truely put us on the proper road to our goal. Without this direction, we could never have completed our task so successfully. Again, let us give our sincere and heartfelt thanks for all you have done.

"If a man cannot keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music he hears however measured or far away."

ARIES

March 21 — April 20

Personality: You are known for your impulsiveness. You have an inner desire to lead, to be free and to do your own thing. You become impatient when opposed. You fear nothing. When you find yourself in trouble, you get up and try again.

Mentality: You are impulsive, taking up ideas with enthusiasm, but don't follow through as you get bored with details. You take advantage of new opportunities. You are argumentative, quick at repartee with a tendency to exaggerate. You are the most clever in your family.

Emotions: You have a passionate nature. In love, the value of the thrill of pursuit is better than the enjoyment of the prize. You tend to place your loved ones on a pedestal and are loyal until they fall off.

Best Vacation Periods: For Aries born in March: end of July or end of November. Aries born in April better in August or December.

TAURUS

April 21 — May 20

Personality: You have a great personal charm. You want to be liked and are sensitive to rebuffs. You begin where other people leave off. You are very stubborn and do not like to be contradicted. You have the energy to put new life into a seemingly lost cause.

Mentality: You are slow to make up your mind and difficult to sway after you have made a decision. You are capable of endurance in mental work and possess a good memory. You have faith in your own opinions, which come across effectively.

Emotions: You are cautious and slow to give your real affection, but once it is given you cling to that love. You are emotionally responsive. When you are in love, you want to create a nest.

Best vacation periods: Taurus born in April: end of August or end of December. Taurus born in May: September or January.

GEMINI

May 21 — June 20

Personality: The breezes of early summer — here today, gone tomorrow — are symbolic of your dual nature. You have versatility but you need to learn to direct your forces steadily rather than in spurts. An energetic and intellectual person, you need constant stimulation.

Mentality: Your mind works overtime and this can cause anxiety. You take an interest in everything around you, but tend to skim over things mental. You subscribe to newspapers and magazines.

Emotions: Experiences come to you first as mental, before they get emotional. You find it rather easy to take yourself in an out of love. You are sensitive emotionally but lack tolerance for routine. This makes you changeable, which others take for frivolity.

Best vacation periods: Gemini born in May: ends of September of January. Gemini born in June: October or February.

CANCER

June 21 – July 22

Personality: Sensitive and emotional, you are symbolized by the slow-moving crab that retreats into its shell when threatened. You have a strong attachment to home and family, especially your mother. Your life is filled with ups and downs.

Mentality: You have a clear intellect but your logic is influenced by your emotions. You are so intuitive that you pick up the thoughts of others, thus hindering your own originality.

Emotions: You are dependent upon affection. You are unfulfilled until you find the "right one." There is more "take" than "give" to your love because you want to be on the receiving end. That is because you fear being hurt. People who appeal to your sympathy always get your help.

Best Vacation Periods: Cancer born in June: ends of October or February. Cancer born in July: first three weeks in November or March.

LEO

July 23 – Aug. 22

Personality: You love to be in the limelight and your strong sense of authority keeps you in the center of activity. You are confident and generous but self-centered. You have a quick temper, but your anger does not last long. Your capabilities are diverse and you love drama.

Mentality: You have a strong intellect and scorn low acts. You are creative and a good organizer. Your stubbornness often surprises others. You can be persuasive, and get your points across in a compelling manner.

Emotions: You can be hard-headed about emotions. You know exactly what you are doing. You bestow affection on a wide circle of people. You like to flirt, and if you have no current loves, you pine away – dramatically, of course.

Best Vacation Periods: Leo born in July: ends of November or March. Leo born in August: first three weeks in December or April.

VIRGO

Aug. 23 – Sept. 22

Personality: You have a gift of eternal youth. You never look your age. You are constantly busy because you are good with details and dedicated to order. You make a faithful friend, but a hard task maker. You have the persistance to stay with a project.

Mentality: You have a scientific mind. You are eloquent, and can express yourself in more than one language. You have a discriminating outlook on life and your conclusions are practical.

Emotions: You often do things the hard way in emotional matters, and try endlessly to remedy a situation. You may form an ideal and keep searching for exactly that until you convince yourself that the person does not exist. You are critical and must learn that it is unreasonable and even cruel to expect perfection.

Best Vacation Periods: Virgo born in August: ends of December or April. Virgo born in September: first three weeks in January or May.

LIBRA

Sept. 23 – Oct. 22

Personality: You are charming and have a great need for balance. It is difficult for you to function as an individual, since thoughts of marriage or other partnerships have been a part of you since childhood. You think in terms of "we" instead of "I." Your need for companionship is great. It is often difficult to get a clear-cut decision from you.

Mentality: Your intuitive thinking is strong, but too much mulling over decisions is a weakness. You can be extremely diplomatic, subtle and persuasive.

Emotions: You are thoughtful. You are always thinking of sweet surprises for your associates. In emotional matters, you are sometimes afraid to take on responsibilities. In love, you behave with loyalty and devotion but crave excitement and change.

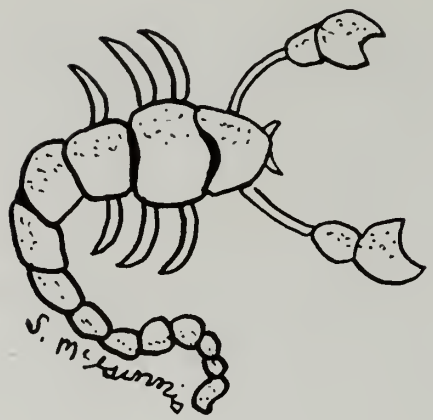
SCORPIO



Oct. 23 – Nov. 21

Personality: You are not easy to know as you are secretive and much lies hidden under the surface of your personality. You command respect, since your inner strength is felt no matter how quiet you may be. You are bold, inclined to rush into quarrels and be sarcastic. You seldom confide.

Mentality: You have a shrewd mind, a quick wit and a sharp tongue. You are headstrong and sometimes difficult to get along with.

Emotions: You are ardent and impetous and have a certain emotional shrewdness which helps you get what you want. In spite of this, you can sometimes be foolish. There is a sincerity, a directness of feeling that makes up for the occasional tantrum. You attract those who are most like yourself.

SAGITTARIUS

Nov. 22 – Dec. 21

Personality: You are outgoing and enthusiastic but a bit self-centered. You have an optimistic outlook that endears you to others. You have a tremendous desire to please and be liked, so you will promise anything in a moment of impulse and then later back down.

Mentality: You are emotionally but tend to scatter your mental forces. You are impatient and often speak without thinking. You dream big dreams.

Emotions: You are emotionally generous and straight forward. Your love of independence will always make marriage seem confining. Always in hope of finding what you yearn for, you seek it in the eyes of everyone you meet, which makes others consider you flirtatious. You attract warm people and then proceed to frustrate them by not reciprocating love. You often give rebuffs.

CAPRICORN

Dec. 22 – Jan. 19

Personality: You find it difficult to approach things in an easy-going manner. You are a hard worker because your ambition is strong. You have dignity, and patience – all of which makes for success. You have a desire for prestige and security, and are strongly motivated by your fear of going unrewarded.

Mentality: You are serious, with a tendency to worry. You can be narrowminded and suspicious. You have a good sense of humor, but others may not think so, since it has a basis in irony or pessimism. You can be annoyed by the friovolity of others. Fits of depression may endanger your reasoning. Cultivate optimism.

Emotions: You attract people because of your steady personality. And you are attracted to people who offer you security in return.

Best Vacation Periods: Capricorn born in December: ends of April or August. Capricorns born in January: First three weeks in May or September.

AQUARIUS

Jan. 20 – Feb. 19

Personality: You are original and unpredictable. You are a humanitarian and relate to others through logic. You are arositive in your approach to life. You are stubborn, although this does not show in the surface. You cannot be pushed into anything you don't want.

Mentality: Your mind roams in such speculative areas that it may be difficult for you to cope with the everyday affairs of life. You think in large terms and are years ahead of the world's acceptance of your ideas on social subjects. You have high ideals.

Emotions: You are kind and sociable, and have a large circle of friends, but few intimates. You tend to be shockingly unconventional in your love life though you are honest and direct in your emotional dealings. Strange events occur in your romantic life.

Best Vacation Periods: Aquarians born in January: end of May or September. Aquarians born in February: first three weeks in June or October.

PISCES

Feb. 20 – March 20

Personality: You are overly sensitive and become easily discouraged and moody. Music is a good outlet for your emotions and if you learn to play some musical instrument, if will help you to greater harmony.

Mentality: You operate more on intuition than logic. Your mental outlook depends on the state of your emotions and your environment; when unhappy, you can be morose. There is a psychic quality in your mental processes.

Emotions: You are sympathetic and can be a push-over for a sob story, since you feel as deeply for other people. You are idealistic and very comforting to those who suffer. You fall in love with more eagerness than common sense and are ready to sacrifice yourself if necessary for your loved one.

Best Vacation Periods: Pices born in February: ends of June or October. Pices born in March: first three weeks in July or November.

Dear Member of the Class of 1975

It is so difficult to be optimistic about these times. Soaring inflation, tremendous rise in unemployment, revelations of deceit and trickery at the highest levels of Government, all blend together to produce only gloom and dismay.

When one is involved with young people he seems to always have hope. The association continues to say that a brighter day does truly lie beyond. That tomorrow will be different, and better.

To you I would say – do all you can to make tomorrow different, and please make it better.

Sincerely,

William H. Flaherty, Jr.
Superintendent of Schools

Yearbook Message from the Principal

I wish to extend my congratulations to members of the Class of 1975 upon the occasion of their graduation from Billerica Memorial High School. This achievement should be the first of many that will assist you to become an informed citizen and enable you to attain your own personal goals and desires in the years ahead. It is my sincere hope that each of you will strive to reach that level of accomplishment in your life of which you are capable.

Mr. J. David Nuttall

To The Class of 1975

Congratulations class of 1975 on having successfully completed the requirements for your high school diploma.

I sincerely wish every-one of you the very best of health and success in the future.

With the cost of living and unemployment continually rising, more and more demands will be made upon you. Through these difficult times I urge you to continue to be good citizens. I am sure that with your initiative and the initiative of others like you, we will succeed in overcoming these problems in the near future.

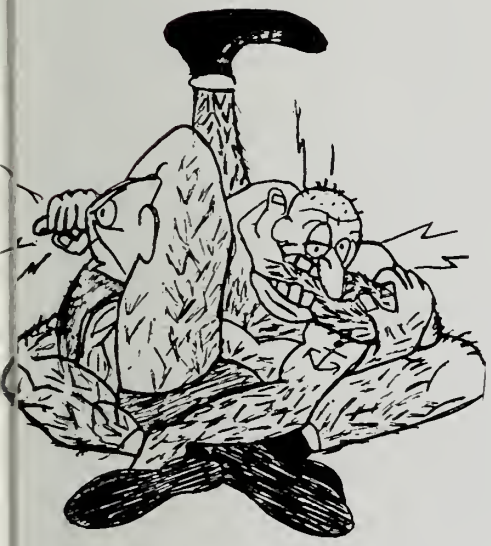
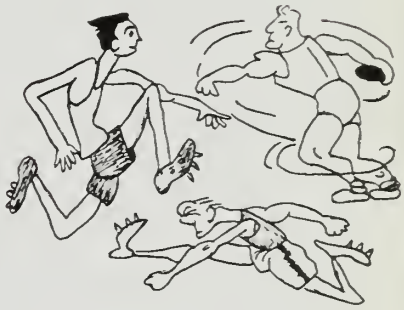
Sports

In the fall of 1974, BMHS began another year of great sports events. The first thing that made this new season so great was the variety of sports action you were able to enjoy. If you liked to see some of the BMHS boys using their heads for a good cause, soccer was the game to go to. If on the other hand, you were interested in nice quiet girls' games, field hockey was the sport for you. However, if you were the type to really want to yell and scream and cheer loudly for your team, there was only one sport for you — the chess club.

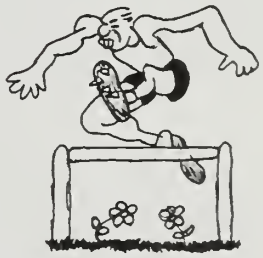
The soccer team of 74 consisted of many BMHS boys, seven whom were later chosen all conference stars. These boys exhibited such talents as hitting the ball with their heads and kicking the ball backwards. Despite the frolicking (or maybe because of it) spirit, the soccer team made its way through determined play to the state tournament. Although our boys lost in this series, they are still one of the best to pass through the doors of BMHS, with the exception perhaps of the class of 1903, which had three players, a goalie, and a ball. If this team had the ball, they could win by default.



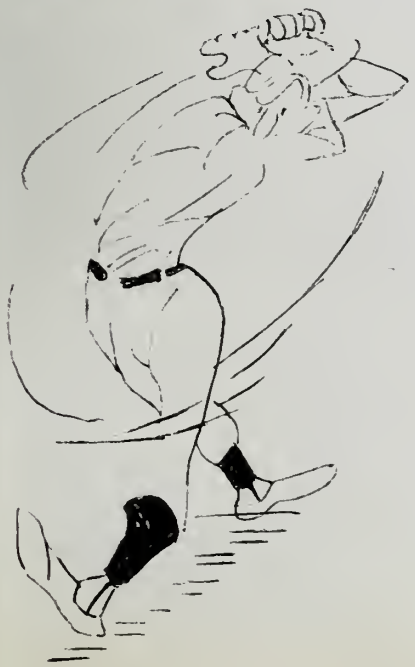


Another team that made its way to the state tourney's was the girl's field hockey squad. Although they played many fantastic games, these girls are remembered more for their spirit, no matter where a field hockey game was held — Wilmington, Chelmsford — all the way to the BMHS could be heard the voices of girls urging their team mates on with "S-O-U-L, Got soul team!" or "Ra-Ra-Ree, kick 'em in the knee!"

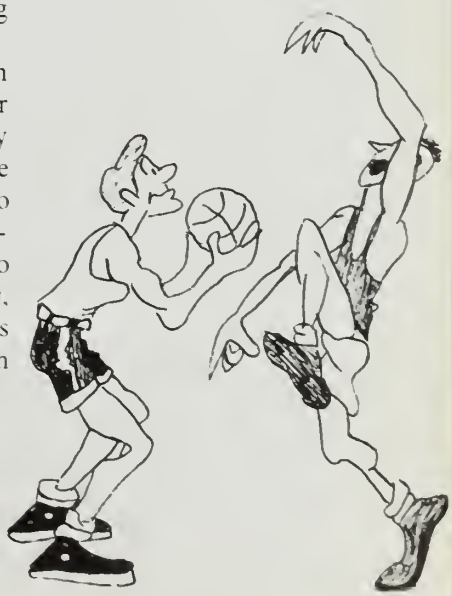
As always, the football games were one of the highlights of the fall season. The team has earned state-wide fame for certain players who achieved beyond the call of duty at half-time-with-the cheerleaders. Although the defense was good, no Billerica player could ever block a pass as well as our cheerleaders.



Other fall sports were cross country and the new girl's volleyball team. Important to both these teams was the spirit of sportsmanship. This spirit was also carried on in the winter sports of basketball, gymnastics, and hockey, and will also be around for spring sports. So you can be sure that if you ever hear any Billerica sportsperson yelling at a referee during a game, our team is just asking the ref, "How's the family?"



Seriously now, although the sports of BMHS have been made fun of just now, it has been the greatest class for sports the high school has seen in a long time. The many participants in the sports, both male and female, have shown their dedication to the game, and their loyalty to their school by their outstanding play. The great achievements of all the sports teams have brought such honor to BMHS, that everyone is now proud to be able to say, "I'm an Indian from Billerica!! Thanks senior athletes (male and female) for a great year — your effort has been noticed and it's well appreciated!



SOCCER 74

At the outset of the 1974 season, the BMHS soccer team set 10 team goals to accomplish. At the conclusion of a very successful 13-1-4 season, 9 of the 10 goals were full filled. The season itself has been a rewarding one for the team, the coaches, and the school. It was a season to be proud of, ending with a league championship and an inpressive record of 11-0-3. The BMHS Indians also gained their first state tournament berth this past season. Billerica was the first team from the Northern Soccer League to advance to the State Quater Finals. Much of the success of the team was do to the suprisingly strong performances of Seniors Jim Gober, Dave Loring and Art Jean who moved into starting postions. Hard work and dedication paid off not only for the team but also for some of the players who were selected to the All Conference Team. (Tri-Captains Brian Bullock, Duke Diaz and Neil Dooley along with Art Jean, Carl Quinton, Ken Fraser, and Curt Cowan.) Both Diaz and Cowan were awarded positions on The Eastern Mass Division I all Scholastic Team. Mark Jenkins, who was well on his way to setting new school scoring records was side lined midway through the season due to a shoulder injury. Some of the memories of this past season are: Eating on the run at the all day Soccer Jamboree at Bedford. Beat Wilmington for The League Championship. The Mud Bowl at Belmont defeating Medford 4-0 in the second round of the state tournament. Practice at B.C. on the Astro Turf thanks to Mr. Amato and Mr. Alteri's enlightening pep talks with towels. The Great Come Back against New Bedford in the State Quarter Finals to send the game into over time. The coachs Mr. Alteri and Mr. Amato.

Field Hockey

The girls field hockey team ended this season with a second place standing in the Middlesex Valley Conference. Co-captains, Sandy O'Brien and Sue Penta led the team through the long but rewarding season. They entered the hockey tournament with the qualifying 15 points, but lost in the first game to Wellsley. 6-0. The teams offence players were T. Hartin, K. Hughs, S. O'Brien, G. Dube, K. O'Conner, K. Hanley, C. Cavaretta and J. Coleman. The defense players were P. Brennan, P. Smith, D. Higgins, S. Penta, J. Camelio, J. Stearns, L. Sullivan, and K. DeMartino. P. Guarino was the goal tender. The J.V. team looks promising and they hope to continue the rally for top standings. K. Hughes, G. Dube, C. Cavaratta, K. O'Conner, J. Stearns, K. Hanley, and K. DiMartino should prove to be the senior stars of next years team. Their record was 4-3-3. We would like to thank Miss Hood and everyone else who helped us through our great season.

FOOTBALL

WRITE- UP

The Billerica Football Team for 1974 came up with another winning season under Coach Clyde Myerhoeffer. They ended the year with a 4-4-1 record in the Merrimack Valley Conference. The record was not representative of how the team played during the course of the season never really coming up with a poor showing. Throughout the season there was a total team effort, win or lose.

The coaches and players deserve alot of recognition for the hard work they put in from August to Thanksgiving. The team left its mark on the rest of the conference, being known now as a tough competitor. Coach Myerhoeffer will soon reach his goal of making Billerica a real power house in Division II, if he keeps coming up with teams like this.

Congratulations to Captains John Haley, Kevin Glavin and the rest of the seniors leaving Billerica High after this year.

VOLLEYBALL

This year, the Atheletic Department formed a new Girls Volleyball Team. The team was a big success due to many factors. First, under the coaching of Mrs. Luciano, the girls learned much and performed very well with their final record being six wins and three losses. Although, the seniors will be missed next year, there are many underclassmen to carry on their tradition of good sportsmanship. Secondly, the girls who participated showed a great level of enthusiasm and spirit which makes BMHS's sports something special.

Cross Country

As you can see this article comes under the heading of "Sports." And since this article is on Cross-Country then we can brilliantly deduct that Cross-Country must be a sport. Yes ladies and gentlemen contrary to poular belief Cross-Country is a sport. It even takes an athlete to perform it, you even have to sweat just like the hockey players. Maybe you don't need a stick or a puck or a thousand funny looking pads, you don't need a lot of bulky equipment, but you so need to exert yourself and push yourself to your limit. Just because we don't have rally's and cheerleaders and get a lot of prestige and glory, and just because we still have all our own teeth and unbroken noses, and half our team isn't on crutches, it doesn't mean we don't turn out some darn decent athletes. We have a lot of good hockey players but we've never had a hockey player that could run a good ten miles. Oh sure they could run one or two miles to win a trophy in big meets. But give them ten miles to run and you'd find them thumbing or grabing a coke at McDonalds. We've had kids that were great soccer players and even a fantastic swimmer and some decent basketball players. If you'll remember it was a cross-country runner named John Bradford who won the Class Athlete two years ago. Today he's riding easily at Brandeis College on scholarships and winning a lot of impressive titles such as "All American" for his running talents. I might add that any good cross-country runner will have the lung capacity for any other sport going. I'm not trying to say that we're better than the other athletes of the school but at least were equals! And I'd like to see any other athlete that says track isn't sport go out and do a ten mile coarse as fast as our top runners and have enough wind left to say it again.

The team was tied for 3rd in the Conference with Methuen. The season's record was 6-4-0. Co-Captains San Auciello and Ted Doyle, both Juniors led the team of ten varsity runners and 20 Junior Varsity and Freshman Runners.

FOOTBALL

This past year has been a very satisfying and rewarding experience for the Cheerleaders of BMHS. We had fun cheering for the football team because whether they won or lost, the games were close. The enjoyment and support which we recieved throughout the year has played an important part in our team's success. We are very proud of them and would like to wish them the best of luck for years to come. We want to thank the coaches, advisors, and fans for a very exciting year.

Boys Gymnastics

The boys gymnastics team is a first year team. Never having competed in league meets before, we were out of practice and inexperienced. Surprisingly, however, we were fortunate enough to win our very first meet against North Reading in a home game. After encountering such power house teams as Winthrop, and Andover, we were also victorious over Metheun. Of course, it would be more than an impossible dream for our boys on the gymnastics team to become a first place team in our first year, but the possibility of placing somewhere dead center in the league ratings still exists. As yet, the season is still incomplete, and only a devine deity could predict the outcome of this year's meet. However, one thing is certain; within the next year or so, the boys gymnastic team will be one of, if not, the best team in the league.

Varsity Coach Nancy Phillips

The Girls Varsity Basketball Team is having a very successful season under the direction of Miss Nancy Phillips and senior Co-Captains, Pat Smith and Debbie Higgins. With 13 of the team's 20 game schedule now completed, the record stands at 10-3, including the stunning upset of undefeated Dracut, 36-24. Senior standouts include Donna Dagle, Sandy O'Brien, Pat Brennan, and Peggy Guarino. Junior squadmembers are Donna Loranger, Debby Dagle, Kathy Hughes, Jeremy Stearns, Carol Hawkins, Terry Porter, Kim O'Connor, Terri O'Conner, along with Sophomore LuAnn Sullivan. With seven games to go, the team looks forward to a possible MVC championship and the qualification for the State Tournament.

Basketball 1974-1975

The motto for the 1974-75 Basketball team could probably be termed "Winning isn't everything." The fact that we didn't have a good record didn't bother us at all; we simply reverted to a different way of fulfilling the season, practical joking. This is how we obtained the nickname "The Backstabbers". It was very interesting to watch Sean "too-tall" Elmore try to catch the ball and run at the same time, or to see him get a rebound and give it to the other team. It was also fun to watch Duke Diaz trip over his size 12 feet while shooting an air-ball, or to see Eric Scott explode in a fit of anger after missing a 10 ft. jump shot. (after one of his phenominal head fakes.) As our record went downhill however, practices began to get rough; Dave Russo squared-off with just about every member of the team and there were others exciting practices moments such as; listening to names Mr. James had for Rich "Flan the man" Flannery, and Bruce "the Chicken" Boyson, or Randy "Rabbit" Bunney. We probably could have beaten Ayer if Brian Thomas would talk to one of his brothers on their team. Keeping our morale up throughout the season were: Jerry Delisio who wore his training uniform, brought water and towels. Also a little help from Hector MacDonald and Wayne Billet our announcer. Two offices were elected to the team this year also. John Scott was elected Sophomore Coach of the year, and Gary Heffernan was elected President of the Bench. We also had one ambition, to win a game-all decisions were unanimous.

BMHS Wrestling

Blood, Sweat, and Tears, is possibly the best name for this group of athletes. Wrestling is just about the hardest sport to compete in as far as high school sports go. First, the conditioning of wrestlers is a torturous grind. But the hardest thing is restricting their diets to about one-tenth of what they normally eat to keep their weights down. It is a mental and physical agony combined, which makes wrestling the toughest sport.

The turnout this year was decent, with about 45 people at the first practice. At this point in the season, there are 20 of the original wrestlers. Mr. Viglione and Mr. Conally have done a fine job with what they've had. Many good prospective wrestlers came down with injuries and others were beaten by the grind. Everyone on the team should be proud just to have stuck out the season. As in the past, the team has had no support from the student body; All the guts and none of the glory!

Fine efforts have been given by all, but there are a few who deserve special mention: Freshman: Rickie Vacherot, Dave McLean, Mark Garabedian. Sophs: Tom Ellis, Bruce Alger, Mike Mitchell, Juniors: Windsor Hall, Larry Griffin, Bruce Gladstone, Pete Miln. Seniors: Paul Miln, Steve Grenier, and Steve Meltzer.

HOCKEY

The 1974-1975 Edition of the Billerica Memorial High School Hockey Team began the season on the bad note. A young and spirited Austin Prep team defeated our team by a 5-2 score in a non-league game. With Asst. Capt. Mark Jenkins back on the line with Brian Bullock and Brian Russell, our kid line of two years ago was reunited. Juniors Bob Johansen, Carlton Quinton, and Al Balboni took charge of our yellow line duties. With the increase in the length of periods, our third line came of age with sophomore Bill Hallenborg, junior Bob Kirchner, and senior Jim Wronski. Players who filled in gaps capably for injured forwards were Doug Wain, Rudy Paquette, and Jack Morgan. Our defensive corps was steady and well used to tough competition. The group was led by Capt. Mike Mastrullo and John Arnold. Sophomore Jack Hynes developed into an outstanding replacement as the season progressed. Bob Lind wound up as being one of our highest percentage scorers for a defense man. Goal keeping duties were capably handled by Artie Jean, Randy Williams, and Sherman Ross. Artie became the leading goalie in the league with a stingy goals against average. The season looked bright after we got our regular schedule. Austin and Tewksbury were our main competition, but were defeated in the first round of play. The second round was more of a dog fight. February and early March bring tournament time and trips to the Boston Garden. The future looks bright with sixteen out of nineteen players with tournament experience. The road is quite long but their is quite a bit of light at the end.

The class of 1975, being of reasonable sound mind and body, hearby pledge the following items to the future classes of BMHS, in hopes of extending to them the spirit of cooperation and friendliness we have enjoyed in our four years of high school. The items we bequeath have sentimental value to us, and we leave them in memory of all our good times at BMHS . . .

I, Dennis Agresti, being of sound mind and body, do hereby leave the sound of my drums still echoing through the auditorium.

I, Sandra Akkerman, being of sound mind and body, do hereby leave Miss Ryan's "pop quizzes to any body who wants them!"

I, Lesley Allen, being of sound mind and body, do hereby leave my ears to Girls basketball team 72-73, my history book to Smitty, my glove to Brownie.

I, Marshall Anderson, being of sound mind and body, do hereby leave the lunch trays on the chairs. I leave with a sort of remorse.

I, Janice Arwine, being of sound mind and body, to hereby leave chorus to Peggy, yacking to Dean, laughs to LR, missing the bus to Jody.

I, Karen Atkinson, being of sound mind and body, do hereby leave all my books from my final year to some lucky kid next year.

I, Joseph Aveuedo, being of sound mind and body, do hereby leave the fun, and happiness of this school to the following classes.

I, Corrine Barnes, being of sound mind and body, do hereby leave to Mr. Amato my history book along with all tests and quizzes to do whatever he wants with them.

I, Mike Baron, being of sound mind and body, do hereby leave . . .

I, Harriet Beauchesne, being of sound mind and body, do hereby leave my red carpet to my locker, and my 101 excusses to get out of class.

I, Joan Bellows, being of sound mind and body, do hereby leave BMHS to Wendy, Wanda, and anyone else who can take it.

I, Donna Biagioni, being of sound mind and body, do hereby leave English-Finally!!

I, Debbie Biagiotti, being of sound mind and body, do hereby leave locker 102 to Anita Biagiotti.

I, Marie Ann Blackburn, being of sound mind and body, do hereby leave my locker, lunches, and memories of Physics and Trig with luck to whoever gets them.

I, Michelle Marie Boland, being of sound mind and body, do hereby leave THANK GOD!!!

I, Kathy Botello, being of sound mind and body, do hereby leave all my good mood days to Miss Berardi and my extra points to whoever needs them.

I, Charlie Bourque, being of sound mind and body, do hereby leave all my knowledge and brains to the past twelve years because i had better sense before.

I, Debra Bozza, being of sound mind and body, do hereby leave Marco's art room and the G floor basement to my sister Diane.

I, Petty Brennan, being of sound mind and body, do hereby leave to Mr. Grillo the five more Brennans to bother him and Miss Hood and Miss Phillips my "yes, but"

I, Donna Brennick, being of sound mind and body, do hereby leave all my hours for Mr. "D" to my sister and hopes she does 'em.

I, Ellen Brigham, being of sound mind and body, do hereby leave T.B. every damn debit and credit that was ever invented and every student, past, present, and future, of BMHS, a life with a meaning.

I, Linda Brisendine, being of sound mind and body, do hereby leave Mr. Gabriel a 3 ft. bamboo back scratcher.

I, Linda Brisendine, being of sound mind and body, do hereby leave the school and teachers to my brother Tom and hope he has as good a time as I did.

I, Diane Brown, being of sound mind and body, do hereby leave all my books that have Diane and Bill wiiten all over them to anybody that wants them.

I, Lenny Brown, being of sound mind and body, do hereby leave all my broken toes to Mr. A and the soccer team.

I, Bonnie Bruce, being of sound mind and body, do hereby leave Tom Mullen all the piccadilly circles he can eat.

I, Robert Bruce, being of sound mind and body, do hereby leave all my favorite teachers and books.

I, Brian Bullock, being of sound mind and body, do hereby leave hockey practices at five in the morning to anybody who wants to get up . . .

I, Debbie Buck, being of sound mind and body, do hereby leave this school to my brothers Tommy and Mark.

I, Bill Buckland, being of sound mind and body, do hereby leave my old spare tire to Mr. Hunt's shop and my old gym sneakers to some lucky Junior.

I, Arlene Bunker, being of sound mind and body, do hereby leave to my sister locker 126 a little less crowded.

I, Randy Bunney, being of sound mind and body, do hereby my atheletic supporter to the upcoming "JOCKS"

I, Dan Burke, being of sound mind and body, do hereby leave to anyone who wants them – my gym equipment.

I, James Burke, being of sound mind and body, do hereby leave MR. Grillo my brain.

I, Martha Burns, being of sound mind and body, do hereby leave Dan with Kenny, so Jeanne and I can find them.

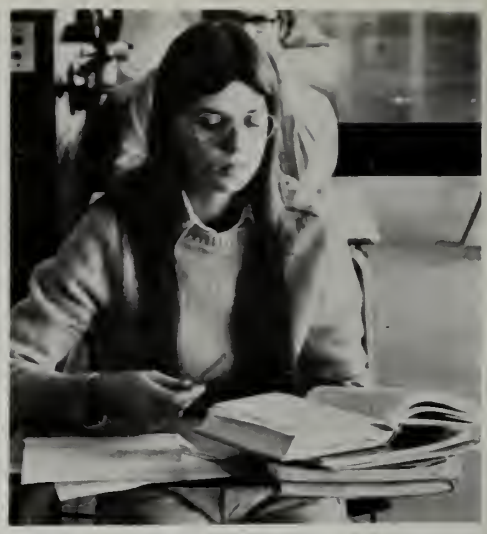
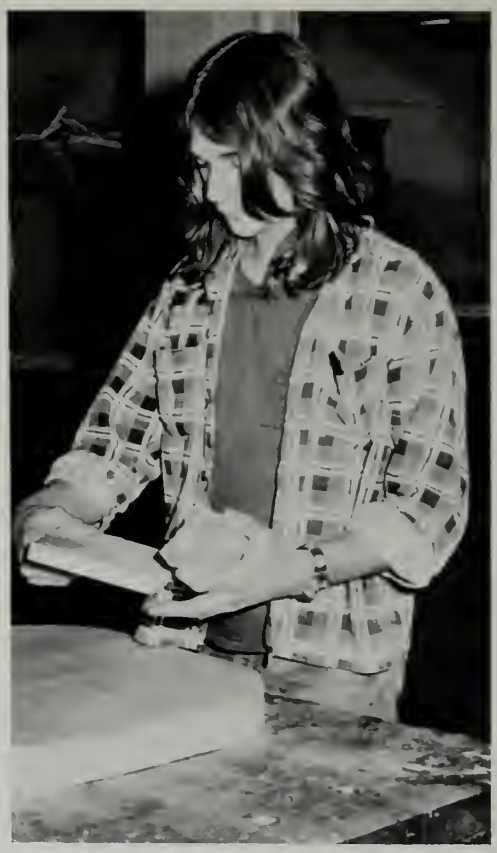
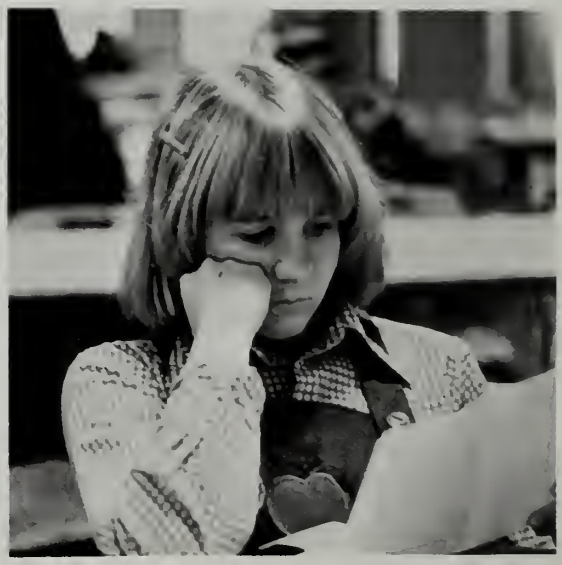
Attention Seniors

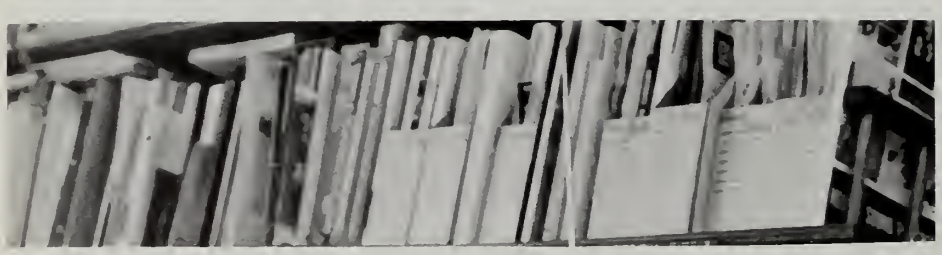
R.McDay





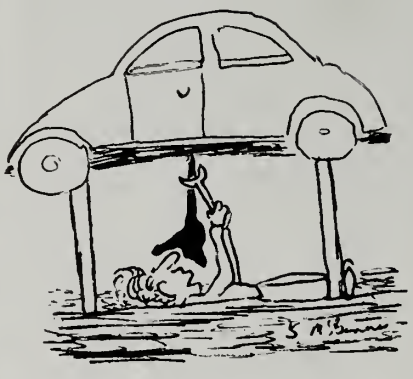
If a task is once begun
Never leave it till it's done.
Be the labour great or small,
Do it well or not at all.





TRY SMILING

When the weather suits you not,
Try smiling.
When you coffee isn't hot,
Try smiling.
When you neighbors don't do right,
Or our relatives all fight
Sure 'tis hard, but when you might
Try smiling.
Doesn't change the things, of course –
Just smiling.
But it cannot make them worse –
Just smiling.
And it seems to help your case,
Brightens up a gloomy place,
Then, it sort o' rests your face –
Just Smiling.



OFFICE SIMULATION

Office Simulation has proved itself to be a welcome change. We who have participated in this program for the school year '74-'75 have withstood the many difficulties expected in a new course in its trial year. Nevertheless, the knowledge and experience gained from our participation has been well worth it. We have learned more than what is taught in textbooks. Not only do we fully understand the operation of any business office and what we must know to become part of one, we have learned also the relationship that must exist among the personnel. In addition to our regular business subjects, at the end of each school day we operate a business office while others go off to fill various positions in real offices. Although this was difficult to adjust to, we have learned the importance of doing our work well, for each person's work depends upon someone elses. We are all pleased to have been the first to experience Office Simulation. We have participated in the planning of some changes that will take place in the course in the future and that students in the future will gain from it all we have.

MEN—WOMEN

Let the Army help
you with college.

Last year, 90,000 young people like yourself earned college credits in the Army.

They attended classes on post. They studied at nearby colleges and universities. And they took courses through our various correspondence programs. And the Army paid for 75% of their tuition costs.

Our educational benefits are in addition to the job training you'll receive, the salary you'll earn, and the travel opportunities you'll have.

If you'd like to find out more about all the educational benefits the Army has to offer, call your local Army Representative.
